

Taking Plan Design to New Heights

Course Overview

Designing effective qualified retirement plans that meet a plan sponsor's objectives has become somewhat of a lost art. The reasons are many: Cookie-cutter designs are easier; safe harbor designs get media attention; the flexibility of modern plan documents are overlooked; and pre-approved plans can satisfy most sponsors' needs. Attendees of this course will come to

- Appreciate the importance of the plan design process;
- Comprehend why plan design has been de-emphasized;
- Identify strategies to help ascertain plan sponsor objectives;
- Understand how to meet plan sponsor objectives using a variety of plan features; and
- Apply specific plan design options to meet objectives.
