Medicare: Understanding and Navigating the Planning Process

Course Overview
Medicare was passed by Congress in 1965 as health coverage for those age 65 and older, regardless of income and medical history. It's now been expanded to cover younger, disabled people. It's important to understand who is eligible for Medicare and understand the different parts, as well as the costs of this program. Attend this course to understand the parts of Medicare and how best to help your client plan and execute a benefit strategy.

Learning Objectives
1. Explore an overview and origin of Medicare
2. Understand eligibility and coverage
3. Discuss the costs of the various parts of Medicare
4. Identify additional coverage choices
5. Strategize the planning and coordination of benefits

In order to be awarded the full credit hours, you must be present for the entire session, registering your attendance and departure in the webinar and answering all polling questions.

Participants will earn 1.0 CPE credit. Program is free.
